### Email from Dianne...

I'm attaching a picture from Christmas of my two kids (Nick and Angie) and daughter-in-law Michelle. Nick has his PhD and works at the VA as a Neuropsychologist. All returning Iraq/Afghan vets with head trauma go thru his unit for assessment.

He is also and Adjunct Professor at Baylor Medical in Houston.

Angie works for Seimens Corp in Chicago area and recently applied to school to go back for her PhD.

Michelle is a PhD and works for the Houston school system.

Nick and Michelle are expecting my first grandchild (a boy) in April. Very excited about that!

I am the one in the Harley t-shirt...I took up motorcycle riding when I turned 60. Yes, my kids think I have lost it. :)
